## WHAT IS THE UNEMPLOYED PHILOSOPHERS GUILD?

The origins of ~~THE~~ UNEMPLOYED PHILOSOPHERS GUILD are shrouded in mystery (and wine stains). Early in the 4th century BCE, Socrates allegedly drank from one of our vessels. (DISCLAIMER: UPG **hardly ever** endorsed drinking poisonous hemlock. We just made it look good.)

Years passed. The Roman Empire. Attila the Hun. The lost island of Atlantis, gingivitis, witch hunts... until the 1990s, when two brothers inherited the UPG mantle. These champions turned their advanced degrees, creativity, and love of paying rent toward noble ends: meeting the needs of the people for finger puppets of the great philosophers.

UPG carries on the ancient traditions even today – designing useful and beautiful things and cracking people up from our Ivory Tower HQ.

Thank you for your time millennia.

## Do you know this woman?

Childhood trauma all but stole her voice; reciting poetry, she restored it. Her voice would grow in power – on the page and in person.

## Of course you do!

“There is no greater agony than bearing an untold story inside you.” Poet and memoirist, professor and civil rights activist, **Maya Angelou** lived a life of resonance.

## It's all who you know.

All **Magnetic Personalities** include a tag with brief bio, important dates and a thoughtful introduction to one of our original thinkers and cultural icons. Why not surround yourself with Magnetic Personalities? Get to know real characters — and people of real character.
